

Our Expertise

GovConnection offers a contemporary IT Service Management (ITSM) model, which includes service desk offerings, IT staffing, remote infrastructure management, and lifecycle services. Technology deployments, refresh/upgrades, move/add/change, maintenance, management, and disposal services are available as projects or as ongoing managed services. We also maintain configuration and depot services for network and end-user assets. Our robust Project Management Office and IT Infrastructure Library (ITIL) foundation ensures operational excellence throughout every engagement. With more than 97% of U.S. zip codes available for field services, support locations throughout the world, and service desk operations nationwide, we are ready to provide service anytime, anywhere.

OUR MISSION IS TO CONNECT PEOPLE WITH TECHNOLOGY THAT:
Enhances growth » Elevates productivity » Empowers innovation

IT Service Management

Relevant forces such as aggressive application adoption, rapidly evolving infrastructure, end-user sophistication, and IT functions at the department level increase constraints on IT. The resulting adverse effects include the inability to sustain governance, difficulties safeguarding infrastructure, and challenges to maintain service level agreements. However, if you evolve service desk operations to an ITSM framework—including remote infrastructure management, provisioning, and asset management solutions—you gain a first line of defense to reclaim consistent support and visibility. Our single point of contact ITSM framework has proven successful for many IT leaders. As a national IT solutions provider, GovConnection will function as an extension of your IT department to deliver the ITSM Solutions that give you a measurable advantage.

Our team offers decades of experience through comprehensive, yet flexible, services:

- Service Desk
- Maintenance
- Asset Management
- IMAC
- Remote Management

Technology Deployments

As a qualified extension of your IT department, we deliver lifecycle services from the data center to the desktop, nationwide. Solutions range from complete ITSM services to modular lifecycle functions, as required.

Services can be executed on a per project basis or as an ongoing managed service in a very customizable and agile framework.

Services span:

- Configuration
- Logistics
- Refreshes
- Upgrades
- Installation
- Maintenance
- Disposal

IT Staffing Services

Hiring top IT talent is a crucial ingredient to success. Finding those individuals quickly saves time and money. GovConnection offers a full range of Technology Staffing Services to fit every organization and environment. Our experienced staffing experts can help you recruit the best candidates for any project and any timeline. With our Contract-to-Hire Staffing Service, organizations gain the freedom to make hiring decisions with confidence. Our recruitment team works with your hiring managers to identify the skills, traits, and experience your organization requires, and then we find the best candidates for the job.

Our offerings include:

- Contract
- Contract-to-Hire
- Direct Hire
- Payrolling Services

We can provide the expertise you need to remain productive, and focused on your job—without the wait, costs, or risks of traditional hiring.
